

Best Practices of Team Building

Follow these best practices to ensure that your team thrives as your business grows.

- Make sure your goals and expectations are clear and consistent.
- Keep the lines of communication open and encourage feedback.
- Make sure your team has the skills and training to accomplish its goals.
- Structure your team to maximize productivity.
- Customize your independent contractor agreement to suit your business.
- Know when—and when not—to expand your team.
- Motivate your team with incentives and rewards for innovation and excellence.
- Provide your team with opportunities for professional networking and growth.
- Enhance your business by networking with external groups and resources.
- Maintain and update the tools necessary to support your team's daily business and ensure its ongoing success.

Best wishes and much success!
